and, importantly, feeling. It’s not just a tribute show but also great entertainment.”

★★★★★ - Steve Evans, InDaily

“Producer and Lead Vocalist, Rachel Vidoni along with her band, had us rocking out to a
mega hit list of Beatles songs from the pop/rock days of the 60s right through to
the psychedelic rock of the 70s.”

★★★★★ - Anastasia Lambis, HiFiWay

“This homage doesn’t lean into tired Beatles tribute tropes, such as hippie-ish stereotypes
and drawling attempts at a Liverpudlian accent, instead,
Come Together is fresh, modern, and fast-paced.”

★★★★★ - Milly Farmer, CollageAdelaide
